Re: *Rules and Regulations Implementing Minimum Customer Account Record
Exchange Obligations on All Local and Interexchange Carriers
CG Docket No. 02-386*

Dear Ms. Dortch:

Yesterday afternoon, the Industry CARE Coalition made up of Jackie Von Schmidt and I from AT&T, Mary Henze and Alisha Neilson from BellSouth, Toni Acton from SBC, Karen Reidy from MCI, Mike Fingerhut from Sprint, Joan O'Donnell from Qwest and Tyrone Keys and Will Johnson from Verizon met with Jay Keithley, Erica McMahon, Lisa Boehley and David Marks from the Consumer and Governmental Affairs Bureau to discuss the above referenced proceeding. Also in attendance by phone were, Martha Marcus, Lynn Crofton, Sue Landerman and Stephanie Brienza from AT&T, Betty Tavidian from MCI, Janna Hall from BellSouth and Dave Thurman from Sprint.

The Attachment, which was provided at the meeting, identifies the specifics of that discussion. In particular, the coalition identified several items from the Order released on February 25, 2005 that it believes should be clarified/modified. The Coalition's suggestions for clarification are as follows:

1-Appendix A, Section 64.4002 Notification Obligations of LEC's (a)(6), (b)(6), (d)(5) and (f)(5) should state, CIC of the IXC.

2-Appendix A, Section 64.4002 Notification Obligations of LEC's (e) should include date of information change and CIC of IXC as pieces of required information to be exchanged. Item (g) should include BTN, WTN, BNA, date of information change, CTI, JI and CIC of IXC as pieces of required information to be exchanged.

3-Appendix A, Section 64.4002 Notification Obligations of LEC's (g) should include additional ("in LEC") clarifying language and language removal ("new") as specified following: If the customer also makes a PIC change, the customer's former LEC must notify the customer's former PIC's of the change "in LEC" and the new LEC must notify the customer's ("delete the word new") PIC of the customer's PIC selection.

The Coalition offers the above modifications/additions for the Bureau's consideration in an effort to assure clarity and completeness of the Order.

One electronic copy of this Notice is being submitted to the Secretary of the FCC in accordance with Section 1.1206 of the Commission's rules.

Sincerely,
